## Prices

valid until 31st December 2015

The main function of TBL is to speed up building a dictionary using resources available in Sketch Engine and hence TBL is priced on a per project (i.e. dictionary) basis on top of existing Sketch Engine licence.

Basic price per 1 project per 1 year for all users in an existing site licence:

**GBP 2,000** (excluding VAT)

Discounts negotiable for multiple years/multiple projects/small projects.

Price includes setup unless XML template requires substantial developments.
